

TECHNICAL DATA SHEET

SAND MAKER

PRODUCT CODE: 25212

PRODUCT DESCRIPTION: **SAND MAKER** is a safe concrete remover for heavy build ups. It is designed to remove heavy built up hardened concrete from ready mix trucks, scaffolding, forms, tools and other areas where concrete tends to accumulate and harden. Will not harm painted surfaces. A strong but safe acidic cleaner designed to remove the hardened, tenacious concrete. **SAND MAKER** is non-corrosive to skin, ferrous and non ferrous metals. Will not harm any of the components of ready mix trucks.

DIRECTIONS FOR USE: Do not dilute, use as is. **SAND MAKER** should be applied at the end of the day when truck is idle and left overnight to thoroughly soften the build-up. Spray or foam **SAND MAKER** onto the areas where concrete has hardened. Allow to remain on surfaces for a minimum of 60 minutes. Do not allow the area to dry. Keep area wet during the 60 minute period. If area starts to dry, reapply **SAND MAKER** to the area to keep it wet. After about 60 minutes the concrete should start to soften. Allow this to sit over night for removal the next morning. In the morning, apply another application of **SAND MAKER** and keep this application wet for at least 30 minutes. The concrete will turn to a sand filled mushy consistency and can be washed off using a garden hose with spray nozzle installed or a high pressure washer. A high pressure washer is preferred.

CAUTION: Do not allow to freeze. Do not store at temperatures above 120°F. Keep this, and all chemical compounds out of the reach of children. As with all chemicals, avoid eye and skin contact. Wear rubber gloves, eye & face protection, rubber apron & boots when handling or using this product.

EMERGENCY FIRST AID: **EYES:** Rinse for 15 minutes with potable water, then seek immediate medical attention. **SKIN:** Rinse thoroughly with soap and water, and then seek immediate medical attention. **INGESTION:** Seek immediate medical attention. **INHALATION:** Remove victim to source of fresh air, seek immediate medical attention.

CONTAINS: Proprietary blend of acid detergents.

NFPA/HMIS: Health - 1, Flammability - 0, Reactivity - 0, Protective Equipment – D
