

## Join Our Alliance to Save the Earth

You are likely discovering those “artificial clouds” in the sky are loaded with destructive chemicals, toxins and viruses intended to harm all life on planet Earth. Vaccines are now skyrocketing autism in our children; GMOs are destroying our food supply; sonar is destroying dolphins and whales; HAARP is creating or enhancing hurricanes, tornadoes and earthquakes; and fluoride in our water and toothpaste is numbing our brains!

### *Have You Had Enough?*

Join our powerful programs to help the environment and all life on planet Earth, including yours.

Our expert partners have a commanding process and a pathway into the new US and Canadian International Common Law World Courts who have the power to take down offenders legally and with the muscle to enforce their decisions for humanity... but we need your help.

## Powerful Alliance

**O.N.E.**, along with our common Law experts, have formed an alliance to cleanup Our New Earth.

There are dozens of projects needing our attention.

Utilizing both the power of the people’s voice and the power of the International Common Law World Courts, we can rapidly apply the pressure and enforcement needed to stop the damage by Big Industry and Government.

Utilizing the legal power of our Common Law experts with the new World courts, **O.N.E.** has multiplied the efficiency of success many times.

Our experts takes on industry and political giants in our new US and Canadian Common Law World Courts. No attorneys can speak for the perpetrators... they must stand up against the truth.

**O.N.E.** meticulously prepares each claim along with supporting documentation/empirical evidence of undeniable harm, including affidavits of truth from expert witnesses, factual data and studies along with member's letter support to provide the best opportunity for maximum success. Our expert's track record against major challengers, statutory courts and attorneys is unparalleled.

We are deeply gratified to work with this high integrity group working for Our New Earth **O.N.E.**

Peer pressure alone can often bring about temporary change, but to assure the results are permanent, it takes enforcement.

Once again, **O.N.E.** working with it's experts, through their exhaustive claims process, brings the necessary muscle to the International Common Law World Courts, providing them the ammunition needed to take affirmative corrective action against the offenders. Enforcement can Include...

- Stopping the event
- Removal from office of key personnel
- Arrest of key individuals for crimes against humanity and terrorism
- Correction and Cleanup
- Substantial fines for improving the environment
