

Law of Attraction Carol Tuttle

You may have heard some very exciting news.

**Oprah Winfrey is previewing the movie 'The Secret'
on her show tomorrow, Thursday, Feb. 8th.**

**This is very exciting that the world is awakening to take
more accountability by coming to learn what the movie
teaches, how the law of attraction works.**

I have one concern that I would like your help with.

**Although it is a fabulous movie and teaches the law of
attraction beautifully, they are pitching it to the world
in this fashion:**

**Do you know about The Secret? It's a ground-breaking
feature-length movie (and now bestselling book) that reveals
The Secret to everything - the secret to unlimited joy, health,
money, relationships, love, and youth... everything you have
ever wanted.'**

**This is my concern - there is next to no mention of God and his
divine plan mentioned in the movie and how the law of
attraction fits in to God's divine plan for his children.**

**My concern is that a lot of people who are God-believing,
prayerful people may reject these principles due to the lack of
mention of God, Christ, prayer, etc.**

**And really, is true joy, God given joy all found just through
the law of attraction? What about God's other laws? The
law of forgiveness, the law of charity, the law of grace, the
law of the atonement, just to name a few!**

**God has many laws, I believe that learning to live in perfect
harmony with all of Gods laws brings us true joy.**

**The law of attraction is just one of the many laws we came
to learn from to become more like God.**

**It will be interesting to see if they will bring it up on the show.
I will be watching.**

What I would like your help with is this:

Please email Oprah and let her know you are grateful she is sharing this kind of information and helping it reach the world.

Let her know you would like to have someone on the show that can speak to the bigger picture of where the law of attraction fits in to Gods plan and work with us.

Someone that talks about the law of attraction and includes God and Christ in the formula!

I respect everyone that is teaching their interpretation of the law of attraction. I am one of the few that teaches it in a way that includes God and Christ. I want to help the millions that will be looking for those pieces once they hear about these principles.
