**National Bulletin Board Synergy Session**  
[www.mcclainministries.org](http://www.mcclainministries.org)

I would personally like to thank everyone who participated in our National Bulletin Board Party Extravaganza on Saturday, March 10th. What a wonderful validation of a project that is ordained by God and destined to impact our Global existence. Saturday's party marked our first full year into this life changing project.

As you know this bold initiative will require unprecedented networking. So where do we go from here? The 4<sup>th</sup> Bulletin Board 'Networking' Party is scheduled for Saturday, October 6, 2007. Prior to the party date we will host two (2) Synergy Sessions in an effort to galvanize the energy and resources necessary to successfully complete this massive project. These 'synergy' sessions will allow us to pool all of our tangible and intangible knowledge.

The next synergy session is scheduled Saturday  
May 5, 2007.

## National Bulletin Board Synergy Session

The synergy sessions are extremely important because they provide the platform to continue our networking; brainstorm marketing strategies and conduct Entrepreneur training. All project assignments are made and monitored during these sessions to guarantee the ultimate success of the Service. In essence, this is where the real work takes place. Our National Bulletin Parties are the fruit of these highly charged synergy sessions.

The Bulletin Board will be located on our website and will feature services available to our members. The way it will work has evolved:

Anyone requiring services such as a handyman, roofer, caterer, legal aid, babysitter etc. can just simply go to the Bulletin Board link located on the Homepage of the website and click onto “National Bulletin Board Service.” Once there you will find all of our Entrepreneur Services listed by category, i.e. Insurance, Financial, Health & Beauty etc. After clicking onto the desired service - you will be given the option of selecting the State (LA, MS, NY) in which you need the service. Click onto the State and a list of Entrepreneurs will be available. Section of any of the Entrepreneurs will take you to their website or portfolio with full details of their service.

Our intention is to be a liaison for those who have needs for services and those who provide services. Obviously we will not be able to meet every need in every area - initially. The goal, however, is to build a nationwide data base that will eventually match every need with every service.
