MESSAGE EXCEPTS

GOD'S AMAZING GRACE

Grace is what God has already done for us, independent of any worth or value on our part. If it's tied to some goodness of ours, then it's not true grace. God, by grace, has already provided everything we will ever need.

Our faith doesn't move God. If God hasn't already moved by His grace, then our faith can't make Him. Faith simply appropriates what God has already provided by grace. If He's already provided our needs by His grace, then faith is just our positive response to what God has already done—not something we do to get God to respond to us.

We have to know that God has already done His part and that any delay in our manifestation is not His fault. That will keep us in faith. Remember that faith is our positive response to what God has already done by grace.

If you aren't experiencing the abundance that you know the Lord wants you to have, then I can guarantee you that the revelation you need is in this message. This is the type of teaching that you will want and need to read again and again until it becomes true revelation knowledge to you.

KEYS TO RELEASING GOD'S HEALING POWER

Just when you thought you knew all there was to know about healing. Here is a fresh word from God.

Would you like to see the blind receive their sight or the lame walk when you pray? Do you desperately need healing yourself? Here's the good news—whether you're praying for another's healing or receiving your own, it's available to every true follower of Christ! Jesus gave every disciple who believes the power and authority to do the same works that He did. What a statement! But it is absolutely true. John 14:12 says, "Verily, verily, I say unto you, He that believeth on me, the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father."

All believers will do the same works that Jesus did; it's not limited to ministers. There's just a shortage of believing believers.

How do you get to the place where you can see the miraculous happen in and through you? It starts with the renewing of your mind. Faith is based on knowledge, and everything we need to know to be a victorious Christian is explained in God's Word.

KEYS TO RELEASING GOD'S HEALING POWER - PART II

Once we are healed, God's healing never leaves our lives. We may quit walking in that anointing, but God didn't take that healing back. It's still there. So, if sickness returns, it's not time to plead with God for healing again but time to get ourselves back into what God has already given us. If we lose the joy of the Lord, God didn't take it away, we simply quit focusing on the things that released God's joy in our lives in the first place. All we have to do to get it again is go back to where we left it and get back on track.

BODY & SOUL REDEMPTION CAN SAVE YOUR LIFE

Did you know that a Christian can actually die from sickness or disease while the same power that raised Jesus from the dead lies dormant within them? Or, did you know that a

believer can be overcome with depression, anger, and bitterness all the while possessing God's love, joy, and peace in their spirit?

It's true, they can and they do. Why? Because they really don't understand what changed when they were born again and therefore have difficulty receiving the promises of God. The Bible says that every born-again believer has undergone a complete inner transformation.

God's Word clearly teaches that we are three-part beings, but very few Christians have a functional understanding of spirit, soul, and body in their daily lives. Intellectually, most Christians believe they're a three-part being, but functionally, they act as though they're only made up of body and soul. They're confused about the operation of the soul and spirit, seeing them basically as the same thing.

If you were talking to me face to face, you'd be seeing my body but speaking to my soul. The word "soul" is defined by some as your mind, will, and emotions, and while that's certainly true, it's incomplete. Your "conscience" should also be included in that definition. Your soul is really what most people call their personalities.

You can feel both your body and your soul and are receiving information from them all the time. For example, if I put my hand on your shoulder, you would know that I touched you through your physical senses. I could also make you feel happy or sad, or could even hurt you without any physical contact but simply by the words I speak. Those words are processed by your mind and the result of their effect is often expressed in your emotions.

It's easy to know how your body feels, what's going on in your mind and what emotions you're experiencing. However, your spirit is much different; it cannot be accessed in any natural

way. John 3:6 says, "That which is born of the flesh is flesh; and that which is born of the Spirit is spirit."

OVERCOMING DOUBT

No one is immune to doubt. It can and does happen to us all. You've just got to know how to handle it when it comes. Even the greatest men and women of God recorded in the Bible had to deal with doubt. Jesus said of John the Baptist, "Verily I say unto you, Among them that are born of women there hath not risen a greater than John the Baptist" (Matthew 11:11).

That means John was greater in the sight of Jesus than Abraham, Joseph, Moses, David, or any Old Testament character you can name. Yet John doubted the most important thing of all by questioning whether Jesus was really the Christ. John the Baptist had been cast into prison for criticizing Herod about marrying his brother's wife, an incestuous relationship.

He had been there sometime between six months and two years and became so discouraged that he asked two of his disciples to go to Jesus and ask Him if He really was the Christ. It's easy to read that and not think much about it, but the truth is, it was nothing but unbelief on the part of John the Baptist.

BEYOND THE PHYSICAL REALM

Even in the natural world, we have come to realize that there are things that do exist that we can't see. We can not see the wind; only the result of the wind. We can not see radio signals, but they do exist. In fact, wherever you are right now, there are radio signals right there with you. If you say "No there aren't" just because you can't see or hear them, that doesn't mean they don't exist. They do exist, they are just unseen. They are unseen realities. They are real.

Likewise, God is real and does exist. He is broadcasting all His power and blessings 24/7. It's never God's transmitter that is

broken. It's always our receiver that is the problem. If we ask God for something and we don't see it manifest instantly, most people question why God hasn't answered their prayer yet. They assume that because they haven't seen or heard anything, nothing has happened. That's just plain wrong . . .

A HARDEN HEART BLOCKS YOUR BLESSINGS

A hard heart is characterized by an inability to perceive spiritual things. This describes a person who just doesn't have an aptitude for spiritual things. Others seem to perceive things that a person with a hard heart can't. A hard heart will also keep a person from understanding the few things they can perceive. They might see what the Lord is trying to show them, but they can't get a hold of it in a way that they can apply it to their life.

When a person is hardhearted toward God, it's like they are spiritually blind and deaf; they just can't see spiritual truth or hear the Lord speak to them. And they can't remember. That last one is a major indication of the condition of their heart.

LOVE UNLEASHES FAITH

So many are praying for healing, deliverance, and prosperity. We want joy, peace, and happiness in our homes. We want better relationships with family and friends, especially during the Christmas season. However, the answer to seeing these needs and desires met is all wrapped up in receiving God's love and then walking in that love toward others.

When we struggle to believe that God's promises to us will come to pass, that's unbelief; but the root of that unbelief is a lack of love. Galatians 5:6 says faith works by love. That means love is the driving force behind our faith. Remove or diminish love and faith ceases to be what it should be. Many of us try

**hard to believe when we should be seeking a greater revelation
of God's love for us. Then, faith would just naturally work.**
