BELIEVING IS SEEING

Tapping the Source of Power

**Central Truth: Faith and Belief are cornerstones of the Bible.
Faith and Belief together create a fundamental truth:
"Believing is Seeing."**

There is a saying that many, often cynical people use "Seeing is Believing", and therein lays one of the major factors holding people back from their true, infinite potential.

Most people tend to react to what they see, so they see it first and then react to it. For example, a person might see debt, an old unreliable car, a body that is 30 pounds heavier than it should be and then they react - usually in the wrong way.

Such reactions, as a result of "seeing first" are usually negative, including but not limited to worry, fear and despair; not realizing that they are attracting more of the same, resulting in a spiral until the person often hits rock bottom with sometimes disastrous results.

The fact is however most people have this completely the **wrong way around**, and therefore the results are the **wrong way around**.

The saying should be "Believing is Seeing."

In creating our own reality, we must first create a **"Thought Form"**, just as the Bible did in the beginning, and bring that Thought Form into manifestation by **"Believing"** in the process, and having **"Faith"** in the process.

Faith and Belief are cornerstones of the Bible. Faith and Belief together create a fundamental truth: **"Believing is Seeing."**

If we wish to manifest a need into our experiential reality, we must first **"see"** it in our mind, thus creating a **"seed"** Thought Form. We must then nurture that Thought Form, with a strong belief that it exists and faith in the infinite powers of our own subconscious mind and its direct access to God. That kind of Faith will sustain the Thought Form until such time as it grows strong enough to manifest where we can have that particular need fulfilled and can believe it by virtue of experiencing it.

Regarding the subject of **"Thought Form Seeds"** as with any seeds that we sow, it is crucial to keep them fed, watered and generally cared for.

Here is how the Word of God puts it, **"So is the kingdom of God, as if a man should cast seed into the ground. And should sleep, and rise night and day, and the seed should spring and grow up, he knoweth not how. For the earth bringeth forth fruit of herself; first the blade, then the ear, after that the full corn in the ear. But when the fruit is brought forth, immediately he putteth in the sickle, because the harvest is come."** (Mark 4:26-29)

When correctly decoded, this parable of Jesus is extremely powerful in teaching these truths:

The **"seed"** is the seed **"Thought Form"** sown in the fertile ground of our subconscious mind. Once the seed is sown it will grow if allowed to do so including nurturing it with Faith and Belief in the process. Jesus goes on to say **"we knoweth not how"**, because like the Earth, the subconscious mind will continue towards the manifestation of the **"Thought Form"** into a fully mature plant, our desire. Even though we cannot see the seed growing under the Earth, a gardener has faith that it is growing, and belief that it will soon sprout and grow into a beautiful plant. No gardener would sow seed in his or her garden without having faith in the process.

Jesus then goes on to say, once the Thought Form has manifested then it is time to "reap the harvest" and enjoy its fruits because the harvest that sprang from your "seed", your Thought Form has finally come to pass. You Believed and eventually you Saw.

He also spoke this parable: "A man had a fig tree, planted in his vineyard, and he went to look for fruit on it, but did not find any. So he said to the man who took care of the vineyard, 'For three years now I've been coming to look for fruit on this fig tree and haven't found any. Cut it down! Why should it use up the soil?' 'Sir,' the man replied, 'leave it alone for one more year, and I'll dig around it and fertilize it. If it bears fruit next year, fine! If not, then cut it down.'" (Luke 13:6-9 NIV)

The true meaning of this parable is this:

Jesus was teaching a lesson about the Law of Attraction, illustrating the fact that the longer it takes for a thought to come to fruition, the greater will be the result, and that the Spiritual Realm must be given all the time required in order to bring your desire to fruition.

This parable also illustrates the tendency of most people to be impatient if they do not see results soon, often giving up altogether and abandoning original thoughts with contrary thoughts such as "this Law of Attraction stuff does not work," also a powerful thought which could easily prevent that person from consciously realizing their desires in the future.

The fig tree in this parable therefore represents a large or complex thought-form that is still in the process of manifestation, yet has the potential to come to fruition in the future. If the thought does not materialize soon, the parable is saying "do not abandon the thought; simply provide more manure, i.e. fertilizer in the form of prayer and praise in order to enable it to come to fruition sooner.

We should also keep in mind that the parable tells us that this tree, the thought-form, is a fruit tree and therefore is capable of seeding further thoughts and associated manifestations of ongoing benefit; therefore should be given all of the time, space and nourishment it needs for all associated with it to come to fruition.

The moral of this parable is this: always allow the infinite power of your Subconscious Mind together with the Spiritual Realm to bring your thoughts to fruition in the most efficient, harmonious and resilient way.

So you see it is crucial to have faith in this process, and in particular faith in the infinite power of God and its intimate connection with the Universal to manifest all of our needs, wishes and desires.

So Believing truly is Seeing. Sow the seeds of your needs in the fertile ground of your Subconscious Mind - Believing and having absolute unconditional Faith in the process. Then nurture those seeds with constant thought on your desire as if it were true right **Now**. Next constantly give the seed time to expand by dwelling on the truth of it frequently, knowing it to be so and eventually you will see the fruits of your thoughts in your experiential reality; every time.

Scriptural References:

Now to him who is able to do immeasurably more than all we ask or imagine, according to his power that is at work within us, to him be glory in the church and in Christ Jesus throughout all generations, for ever and ever! Amen. (Ephesians 3:20-21 NIV)
