

CASH FLOW CRUNCH

It's a simple fact that companies need cash to survive. For growth, operating capital or whatever the need, it is our mission to provide cash to companies that need it — but may have limited access to it. We can inject more cash into your business faster and easier than any other source!

Many successful businesses, especially small and medium sized, need access to cash to run their business more profitably. They find it difficult to wait 30, 60, 90 days or longer to receive payment for products and services that they have already delivered to their customers. They need cash now to buy goods and services to meet their customers' delivery requirements.

Also, many successful businesses are not interested or cannot access traditional bank financing without meeting strict and unqualifiable conditions. This is where **Trinity Real Solutions** can provide the solution to meet your cash flow needs.

Take a few moments to read this information and reflect on its potential, then give us a call for a free consultation.

Nationwide Services

We provide *Solutions!*

Trinity Real Solutions and our preferred funding sources offer some of the most flexible plans in our industry. Because we are not tied to one funding source, we can tailor a plan to fit your specific needs.

We specialize in:

- ◆ Accounts Receivable Factoring
- ◆ Asset Based Lending
- ◆ Purchase Order Financing
- ◆ Equipment Leasing
- ◆ Commercial Real Estate Financing
- ◆ Signature Loans

TRINITY REAL SOLUTIONS

MEETING THE NEED

One solution we offer is **Accounts Receivable Factoring**. **Factoring** is an accepted and growing practice used by businesses to expand and operate more efficiently. **Factoring** provides “off balance sheet” financing, and helps businesses reduce overhead.

At **Trinity Real Solutions**, our **Factoring** services provide:

- *Immediate cash without consideration of your business credit rating*
- *Credit analysis on your customers*
- *Collection of receivables from your customers*
- *Accounts Receivable Reporting (Aging Analysis)*

We can also provide **Purchase Order Financing** for the cash you need to get or keep a good customer and seize the opportunity to increase revenues. And we can even go one step further. Once you have filled the order, we can **Factor** the resulting accounts receivable and provide quick cash to inject into your business to help fill additional orders!

And there are
NO LONG TERM CONTRACTS!

WE HAVE SOLUTIONS

Another solution we offer is **Asset-Based Lending**. Your business has assets. You've got Accounts Receivables, Inventory, Machinery and Equipment. You may even have business-owned Real Estate. But are your assets totally working for you?

Depending on the types of assets your company owns, we can loan up to 80% of the asset value — providing your business with the funds needed to make an acquisition, to make capital improvements, or to increase working capital. Let us show you how we can help your business grow by capturing the value of your hard-earned assets.

We also offer **Equipment Leasing and Financing**. If your business needs additional equipment, but you don't want to tap into your funds or apply for another loan from your local bank, we can help. We can finance equipment up to 5 years and can provide up to 100% of the original cost of the equipment — including shipping and installation! Let us help you procure the equipment you need to help your business realize its full potential.

AND THERE'S MORE...

At **Trinity Real Solutions** we have more solutions to provide you the funds to allow your business to grow. The best solution for your business may be a **Signature Loan**. With a **Business Line of Credit** you can have access to up to \$100,000 of working capital to meet your short and long term business needs. You can borrow any amount you wish up to your credit limit, and pay as little as 2.5% of your balance, the full amount, or any amount in between. Since your **Business Line of Credit** is a revolving account, you can use it over and over again.

At **Trinity Real Solutions** we have the financial solutions for your business! Our business is to help your business grow!
