

Partnership Collaboration

For the first time, the Fort Collins Soccer Club is teaming up with Luis Dominguez Sr. and Soccer Touch Academy to host a winter training program! This program will cater to the Developmental and Intermediate players of our membership. Soccer Touch Academy (STA) has been a mainstay Soccer Academy in Northern Colorado for the past 10 years. A unique coaching style helps develop players while increasing the love of the sport. STA brings energy and passion with their coaching and will share their enthusiasm with the participants.

The Fort Collins Soccer Club is offering the Winter Academy to focus on player development through skills training and developing the creative process by allowing players to compete in a stress free atmosphere.

Players participating in the FCSC Winter Academy will be given the opportunity to learn a variety of technical skills and develop those skills through repetition under different pressure situations.

The coach to player ratio is something we take very seriously. Every player will have the attention they deserve to focus on taking their game to the next level.

"We are truly excited to be collaborating with Soccer Touch Academy and offering a winter camp for our Developmental players, my hope is that these young players recognize and take advantage of this opportunity."

Dave Shaffer
FCSC Director of Coaching
