MARCH 2009

"FOR PLAYERS, INSPIRED BY PLAYERS"

Letter from the Directors

Points of Interest

- Letter from the Directors
- 20 Scholarship Program added to 2009 Programs
- Rafael Amaya added to Coaching Staff
- 10 Year Anniversary
- Summer Dates
Available soon online
- Small group and Private rates reduced

We want to take this time to thank all of the parents and players for our most successful winter program ever! To celebrate this great achievement, we would like to lower our small

group and private rates for the spring, fall and summer programs, given our economic downturn. This will hopefully allow participants to train and keep their passion for the game alive! This winter we were full to capacity and we are sorry that we had to turn people down, but as you know, we kept our promise by keeping sessions small which will continue to be our main focus. This will continue to allow us to concentrate on individual attention for every participant involved in our programs. We're also considering lowering our rates for our summer camp as well. If you need

any additional information, please continue to check our website periodically or give us a call. We will continue to work hard for you guys by giving great training at a good value everyone can afford. Thank you so much !

The "Caroline Phelan-Jones Scholarship"

This year, we lost an amazing member of our soccer community, Caroline Phelan-Jones. STA would like to celebrate the

time of this beautiful young and bright lady by dedicating a 10

scholarship program in her name. It will be called, "The Caroline Phelan-Jones Scholarship." These 10 scholarships will be given to 10 special players that are as passionate about soccer as Caroline was.

In addition, STA has set aside another 10 scholarship program for players that are in need of financial aid and have never done any of our training before. We are very excited to offer a total of 20 scholarships to help revive the

passion of soccer in kids that may not be able to afford extra training. Myself and my assistant coaching director will decide the names of these 20 special players. If you know of any players that we may not know about, please feel free to email us. Thank you.

STA proudly welcomes Rafael Amaya to the Coaching Staff

I am very excited to announce the addition of Rafael Amaya to our coaching staff. His main focus within STA will be to evaluate high school players that have not already signed with schools, and help them in college soccer placement process. This will be a win-win situation for everyone involved. The Fort Collins Soccer Club and other key people involved in

Northern Colorado have had huge helping hand in placing our talented soccer players in colleges to extend players soccer

Coach Rafael Amaya

careers past high school. Rafa and I coached alongside each other with the Colorado Storm Soccer Club. I personally know this is one of his many strengths. I have personally witnessed some incredible situations in which a single phone call made by Rafa, has helped players find schools. Rafa's goal, in conjunction with STA is to add more names to the coaches lists of our network, especially Rafa's contacts throughout the country.

There are no guarantees that we will find schools for every player involved in our program, however our goal is to inspire and motivate these talented groups of players to have a positive experience in their search to play at the college level. We know that STA will be attracting a large number of Colorado Storm

North players at every age level because of Rafa's affiliation with them. Rafa not only believes in STA's format of training, but most importantly, shares the same passion and respect for soccer that the STA coaching staff possesses. We would like to strongly urge everyone that is planning on attending our STA Summer Program to sign up as soon as possible since we believe we will have a large number of players interested in our program. Thank you and please check our website periodically for updates.

STA Gear now Available on our Website

"WEAR YOUR STA GEAR WITH PRIDE! NOW AVAILABLE ON OUR WEBSITE"

STA Family,

To all our Soccer Touch Academy Fans! We would like to take this time to thank you for all your continued support over the past 10 years. We have had several inquires as to how camp supporters can show off their STA pride. Well here is your chance! For the first time STA is now offering a complete line of STA fan gear. All of our STA gear will have our STA logo on the front as well as text on the back. Please notice that a few articles have different color options as well. We would really like to get our name out there into the community! We feel that STA is not only a soccer academy, but a close knit "family" community. All of the gear is being purchased at a discounted price strictly for STA through Soccer Stop Northern Colorado. STA is always trying to support local businesses. **We will be placing one big bulk order March 13, 2009 so please place orders soon!** We probably won't be placing another one until our summer academy so this is your chance. Thank you again so much for your continued support and hope to see several people representing STA in our new gear! Best of luck this season!

Soccer Touch Academy Thanks you!

What does the "10" on the back of our camp T-shirts actually mean? We have had several people approach us with very clever assumptions. Believe it or not, this is the 10th year that STA has been around. We started with a group of about 15 players wanting

extra training back in 1999 and now after 10 years of serving our surrounding communities, our Academy had its most successful Program ever! Thank you all so much for supporting our training. So now you all know what the 10 means! See you soon!

STA celebrates its 10 Year Anniversary
