It wasn't always pretty rugby - but it was hard fought & determined showing by Berkeley RFC to notch a win in the toughest DIII league in the nation.

While the scoreline was close, one thing stood out - McGeorge scored all their points from our errors (2 pens and an intercept try) - but we were the only team creating any plays out there: dangerous looking backline moves, and new found intensity up front. A nice backline move to send scampering Seb in the corner, and a crashing prop/chef bursting over the line after 5-10 minutes of sustained forward pressure. And Fisher will join Lucas in the club of "great tries never awarded".
