Attn: Vocational and Technical Educational Opportunities with CCCC

To Whom It May Concern:

My name is Virginia Brown and I am the VoTech Liaison at Central Carolina Community College. My division has three specialized representatives for Engineering Technology, Computer information/Networking Technology, and Machining Technology. They are available for Lunch Room Set-ups, Classroom Presentations and Career Nights. We also host tours of our programs at our campus. Please let us know if there is anything that we may be able to do to inform your students of their higher education opportunities in vocational and technical programming here at CCCC! We have wonderful grants and scholarships available as well as quality instructors, facilities and programs for these highly demanded fields. We appreciate any opportunity in which we may be able to present this information to your school

Thank you for your time and we look forward to hearing from you!

Sincerely,
