**INSTRUCTIONS:** To determine the monthly tuition rate for your family, find the correct number of students in your family who will be enrolled in K3 through 8<sup>th</sup> grade in the left column of the table. For the monthly tuition rate of students in 9<sup>th</sup> – 12<sup>th</sup> grade, find the correct number of students in your family across the top row. If there is a combination of elementary, middle, and high school students, follow that row of blocks to the right of the correct number of elementary students until you reach the column that corresponds to the correct number of students who will be enrolled in grades 9 through 12. The block that you reach is your monthly family tuition rate.

Payments begin August 1 and end in May.
