

Sunflower Paper Plate Craft

Materials:

- paper plate
- glue
- sunflower seeds (with shells on)

Instructions:

- Print out the template of choice.
- Colour pieces, as necessary.
- Cut out the pieces. This step may require adult assistance.
- Fill the centre of the paper plate with glue. You want a fairly good coat so the sunflower seeds will stick -- don't scrimp!
- Sprinkle sunflower seeds into the centre of the paper plate, pressing the seeds into the glue.
- You can do this quite quickly by just pouring them in by the handful or you can spend a half an hour carefully placing each seed individually
- Glue the petals around the edge of the paper plate.
- Glue the face onto the sunflower seeds.
