

SPRING- LADY BEETLES ON A LEAF

INSTRUCTIONS

•Print pages 2-5

•Allow children to colour, collage each page as desired.

•Children are to cut out leaf, and lady beetles.

•Children cut out lines on page 2 after colouring. Fold strips back and forwards and stick one end to the lady beetle, the other to the leaf.

•Allow children to add as many lady beetles as desired to their leaf.

•These can be placed around your room during your spring theme.

•Another fantastic idea is to allow children to create their 3-D picture also using, leaves and nature materials. Once completed contact or laminate the whole arrangement or place in a photo frame.
