

Goals and Philosophy

Holy Trinity Christian School is an outreach arm of the congregation. Teachers and staff assure each young child's total development while maintaining a Christ-centered environment with planned activities appropriate for young children and their developmental stages. Children learn of the unconditional love of Jesus and experience successes which build a foundation of self-esteem and confidence. Parents are assisted in understanding their children and in celebrating God's blessings in their lives.

Academically, we strive for each child to advance to the next level of their education with a love for learning, a sense of self-confidence, and the physical, social, emotional, and intellectual development necessary to be successful. We recognize that children learn best through hands-on experiences, in a safe and loving environment where they are encouraged to think for themselves, discover, explore and create.

Academic Objectives

Through the curriculum children attending our school will be able to:

- Respond to God's love and see themselves as His children;
- Show a sense of security and trust, independence and self-responsibility, and channel emotions into appropriate and acceptable outlets;
- Demonstrate age appropriate academic skills in areas such as reading, math, social studies, science, fine arts, and religion;
- Express ideas in his or her own unique ways and use his or her God-given talents.
