***NOTE:** Incomplete applications will be pushed to the following application submittal time frame

Applications requiring variances may be delayed until such time as variance(s) have been granted

Certain applications involve property that is located within distances requiring a referral from the town to the County Planning Board for their review and recommendation report prior to the local board having jurisdiction to take action. These distances are spelled out in Section 239-I of the New York State General Municipal Law. When this affects the property in question additional time is required for the County's review and referral. The local board will not schedule a public hearing upon an action until it knows that these provisions have been complied with.
