Farmington, NY 14425

ATTN Ronald L. Brand RE; SEQR/ Delaware River Solar Power Plant

Based on the information I have been able to obtain I STRONGLY DO NOT support the proposed Large-Scale Solar Power Project on Fox and Yellow Mills Rd. This Power Plant (over 7 MEGAWATTS) would have a negative effect on our entire section of Farmington . I am also concerned about SOLAR SPRAWL. It seems that in areas of our country when Large SOLAR comes in it tend to spread. WE live here and work here and we want our area free from INDUSTRIAL/COMMERCIAL Projects. Please represent the citizens of Farmington and say no to such an eyesore.
