RE: Project Status Log – 3-11-2020

Dear Town of Farmington Planning Board,

Delaware River Solar (“DRS”) is pleased to have the opportunity to bring the benefits of Community Solar to the Town of Farmington. This cover letter provides the following materials in response to comments received by at the February 19, 2020 Planning Board meeting:

1. **Landowner Acknowledgement of Yellow Mills Solar Decommissioning**, provided by the landowner attorney.
2. **Photographs of Washington Street Solar, a comparable 7MWac facility**. Aerial photos of the 7MWac Washington Street solar farms in Ogden, NY, developed by DRS. Photograph 1 shows the system at 2/3rd complete. Photograph 2 shows the complete system.

We thank the Town of Farmington for the thorough review of these projects and look forward to the final review of the Site Plan, Subdivision, and Special Permit applications.

Sincerely,

Daniel Compitello
Project Developer
