October 25, 2018

Mr. Ronald L. Brand  
Director of Development  
Town of Farmington  
1000 County Road 8  
Farmington, NY 14425

Dear Ron,

It is with sincere concern that I am stating my absolute objection and rejection of the Delaware River Solar Plant application for a 62 acre Power Plant on Yellow Mills Road. This monster power plant will devalue adjacent properties, zoned as agriculture; it will occupy prime farm land, and make a dangerous intersection more dangerous. I will further explain my concerns at your 11/7/18 meeting.

Sincerely,

Jim Redmond  
JFR/II
