Dear Junior Parents,

The time is approaching, **APRIL 25-26**, for our much anticipated trip to **Dinosaur Valley State Park and Creation Evidence Museum**. These places reinforce the Biblical teaching of creation. We also use this trip to begin working as a class toward next year's fundraising and senior plans.

The transportation, hotel, and admissions have been paid for in tuition payments. Students will need to bring spending money to cover souvenirs and snacks and two lunches. Dress code is travel shirt the first day and senior shirt the second with loose-fitting knee length shorts or loose-fitting jeans and tennis shoes. Students wear t-shirt and long shorts or pants to sleep in. Bring toiletries but no prank paraphernalia. Students may bring a cell phone and camera. Pack light — we will be traveling in three vans and space will be limited. Bring a jacket — it may get cold.

#### ***THURSDAY***
