| 4. Policy           | 1 |
| 5. Responsibility   | 1 |

### Narrative of MOP

#### Change narrative

The pits shall be defined as the area between the public viewing fence and the flight line safety fence extending the entire length of the safety fences.

This area may be varied by the committee

#### PURPOSE

The Pit area is the area where models are prepared for flight, fuelled and engine starting and testing is conducted. For safety reasons, it is imperative that persons who are not associated with model aircraft are separated from the models.

#### DEFINITION

Pit Area –The area in which all model aircraft are prepared for flight, fuelled and refuelled and motors started.

#### POLICY

1. The pits shall be defined as the area between the public viewing fence and the flight line safety fence extending the entire length of the safety fences
2. This area may be varied by the committee

#### RESPONSIBILITY

It is the responsibility of all members to ensure that these procedures are adhered to.
