Dear Participant,

As you are aware, the National Disability Insurance Scheme (NDIS) is a new national system that will change the way that people with a disability access the supports they need to participate in the community and to achieve their goals and aspirations.

The NDIS takes a flexible, whole-of-life approach to working with people with disability, their families and carers. The NDIS supports people to develop their individual plans and to exercise choice and control over how, when and where their supports are provided.

The Department of Health and Human Services is working closely with the agency that administers the NDIS - the National Disability Insurance Agency (NDIA) - to ensure people with a disability and their families experience a smooth transition to the NDIS, with minimal disruption to their services and supports.

The NDIA has confirmed that your request for NDIS support was approved on 14/09/2016 and that they have commenced funding your supports.

As a result, your Individual Support Package funding will cease effective from that date. In addition, if you have a current application for additional supports registered on the Disability Support Register, this will also be closed.

Congratulations on your new arrangements. It is an exciting time for you as a new participant of the NDIS. Our best wishes to you for the future.

If you have any questions about this letter, please contact Disability Intake on 1800 783 783.

Should you have any questions about your NDIS arrangements, please contact the NDIS on 1800 800 110.

Yours sincerely

Jessica Garcia
Team Leader
Disability Individual Support Administration
North Division
