

## **The Illusion of Care, Protection and Rights in Victoria's Disability Accommodation Sector**

The LISA Group draw the attention of all people with disabilities, their carers, families and stakeholders to the very extensive and comprehensive report by JacksonRyan Partners: ["Deception – The Illusion of Care, Protection and Rights in Victoria's Disability Accommodation Sector"](#).

This report so very clearly shows the extent and foundation of a bureaucratic philosophy which has been a major restrictive factor for years. As did the parliamentary inquiry in 2008, yet nothing was done.

All who have read the JacksonRyan report say it's all so correct - exactly what we have been saying, seeing and suffering for so many years.

We will continue to suffer that described so well in the report, if we remain fragmented and frightened of those who continue to drive the so very wide ranging adverse factors described in the JacksonRyan report on services in Victoria, but which we consider apply to most of Australia

What is now required is a hard-hitting judicial inquiry into the disability accommodation system.

We ask that everyone unite in decisive action, and send their Members of Parliament a copy of the report and say to their Members of Parliament:–

***“Attached for you to read is the report about Deception in Victoria's Disability Accommodation Sector.***

***What is now required is a hard-hitting judicial inquiry to resolve the bureaucratic deception and restrictive barriers against people with disabilities and their families.***

***We ask that you take decisive action to make a hard-hitting judicial inquiry happen.***

***If you do not support a judicial inquiry, what will you do to stop the deception which is being practised? Will you do nothing?”***

**LISA Comment:** Our findings suggest many Day-Services are similarly tarred with many of the findings of the JacksonRyan report.
