Dear Mr Rann and Mr Foley, or whoever is running our state finances.

Treasurer, is there some reason why you have been busy promising billions for ovals, hospitals and convention centres yet, at your only meeting with Kelly Vincent MLC (D4D) you offered no real options nor took advice to find solutions for the SA crisis in disability services?

The crisis lists are "out of control" rocketing up 26% in just 12 months.

Disability SA describes "Category 1" as "critical, high risk of harm to self or others" and recent tragedies have shocked us all.

The numbers don't lie.

Has SA Disability support collapsed?

It's time Mr Rann....to fair dinkum fix the problem.

All we got today was the start of the Cappo enquiry.

WE NEED SIGNIFICANT CRISIS INTERVENTION NOW!
