

Our Mission:

- To protect the public health and our environment.
- To provide for safe and cost-efficient collection of sewage waste.
- To provide for effective conveyance to the Treatment Plant.

We are pleased to present this Annual Report of the Cupertino Sanitary District (CuSD), recognizing 58 years of service to over 23,000 customers within the communities of Cupertino, portions of Saratoga, Sunnyvale, Los Altos and unincorporated areas within Santa Clara County.

CuSD covers approximately 15 square miles, serving a population of over 50,000 people with more than 23,000 residential and business units. The District owns and manages over one million lineal feet of sewer mains, a half million lineal feet of sewer laterals, 17 pump stations, 4000 manholes and flushing inlets, and one equipment storage facility. CuSD conveys nearly 5 million gallons of waste-water daily from our customers for treatment at the San Jose/Santa Clara Regional Wastewater Facility.

CuSD's collection system, much of which is more than 50 years old, has been maintained proactively with regular cleaning and development of a Capital Improvement Program (CIP) aimed at improving efficiency as well as extending its useful service life.

Notable Accomplishments in 2013-2014:

1. Serviced 871,200 lineal feet of sewer mains
2. Serviced 26,400 lineal feet of sewer laterals
3. Completed 1,000 lineal feet of repairs
4. Completed 1st year of video pipe inspection program
5. ARCGIS & Lucity maintenance program implemented to improve maintenance operations

CUPERTINO SANITARY DISTRICT

ESTABLISHED 1956

It is our pleasure to continue serving you!

Sewage Waste or Trash?

KNOW the difference.

Do **YOUR** part...

Please help us prevent sewer spills and protect our environment.

Personal care products are being disposed of incorrectly and causing a blanket of solid waste to form at a rapid rate at our pump stations. Within the past couple of years, the District has had to increase maintenance to keep the pump stations operating properly which results in increased costs for the District. We do our best to keep costs down, please do your part.

Trash it,
DON'T
flush it...

Do **NOT** flush...

- "Flushable" Wipes
- Baby Wipes
- Facial Wipes
- House Cleaning Wipes

- Dental Floss
- Dental Picks

- Cotton Balls
- Cotton Swabs
- Cotton Makeup Removers

- Medications
- Vitamins
- Supplements

Cupertino residents – take your unwanted or expired medication to:
West Valley Patrol Station (Sheriff's Office)
 1601 S. De Anza Blvd • Cupertino • 408.868.6600 • M-F, 8am-4pm

Flush **ONLY** body waste and toilet paper!
