

**CUPERTINO SANITARY DISTRICT  
SWIMMING POOL DISCHARGE PERMIT APPLICATION**

APN \_\_\_\_\_ - \_\_\_\_\_ - \_\_\_\_\_ Address: \_\_\_\_\_

Property Owner's Name: \_\_\_\_\_ Phone #: \_\_\_\_\_

Applicant's Name: \_\_\_\_\_ Phone #: \_\_\_\_\_

Owner/Applicant Signature: \_\_\_\_\_

**If a contractor is performing the work, please attach the contractor's business card to the application.**

**POOL CONFIGURATIONS**

**The average swimming pool depth is approximately 5 feet.  
CCF Fee: \$6.50 (per hundred cubic feet)**

**ROUND:**  $3.14 \times \text{radius} \times \text{radius} \times \text{depth} = \text{cf} = \text{CCF} \times \$6.50 = \text{Discharge Fee } \$$

**RECTANGULAR:**  $L \times W \times D = \text{cf} = \text{CCF} \times \$6.50 = \text{Discharge Fee } \$$

**Example:**

**Round Pool:**  $3.14 \times 6' \times 6' \times 5' = \frac{565.2 \text{ cf}}{100 \text{ (ccf)}} = 5.652 \text{ CCF} \times \$6.50 = \$36.74 \text{ (Discharge Fee)}$

**Rectangular:**  $20' \times 15' \times 5' = \frac{1500 \text{ cf}}{100 \text{ (ccf)}} = 15 \text{ CCF} \times \$6.50 = \$97.50 \text{ (Discharge Fee)}$

Swimming pool water must be dechlorinated before draining into the sewer system. Water must not be cloudy or discolored and must be free of algae and contaminants.

- Will the pool be cleaned?  Yes  No  
If yes, what chemicals will be used to clean the pool? \_\_\_\_\_  
*(Monitoring of ph during discharge to sanitary sewer system may be required.)*
- Will the pool be discharged in one day?  Yes  No  
*(Additional fees may be required if the pool cannot be discharged during a normal 8-hour workday.)*
- Proposed date / time of discharge: Date \_\_\_\_\_ Time \_\_\_\_\_ A.M. P.M.
- Proposed Flow Rate (GPM): \_\_\_\_\_ Does District Concur:  Yes  No

**FOR OFFICE USE ONLY**

- Will traffic control be required?  Yes  No
- Discharge to manhole I.D. # \_\_\_\_\_ or c/o \_\_\_\_\_
- Will additional labor be required?  Yes  No # of Inspectors \_\_\_\_\_ Hours per day \_\_\_\_\_
- Mainline Condition Assessment: \_\_\_\_\_

Comments: \_\_\_\_\_

_____ CCF x \$ 6.50	\$ _____ Discharge fee
	\$ 300.00 Permit fee
	\$ _____ Labor rate (if required, see line #3 below)
<b>TOTAL FEE</b>	<b>\$ _____</b>

## SWIMMING POOL DISCHARGE PERMIT APPLICATION

### PERMIT REQUEST INSTRUCTIONS

1. Fill out this application for the discharge of swimming pool water into the sanitary sewer system. Your contractor may fill out this application on your behalf.
2. Prior to the issuance of the permit the District's Inspector shall perform a site evaluation.
3. The Permit fees shall be confirmed following a site evaluation.
4. Swimming pool water must be dechlorinated before draining into the sewer system. Water must not be cloudy or discolored and must be free of algae and contaminants.
5. The maximum discharge flow rate is 10 gallons per minute.

Fax (408) 253-5173

### DID YOU KNOW...

Draining your swimming pool into the sanitary sewer system is prohibited except by **PERMIT!**

One swimming pool drained into the sanitary sewer is the daily equivalent of what 160 homes put into the system.

The addition of 35,000 gallons of water into the sewage system could cause an overload of the system and may result in a Sanitary Sewer Overflow.

In order to prevent an overload to the system, certain control measures must be implemented prior to draining your pool water into the sanitary sewer system such as; mainline sewer condition, flow control, the time of day which the discharge may take place, will traffic control be needed to access the system, etc.

**Prior to the District issuing a permit, the above referenced items will be evaluated by Cupertino Sanitary District personnel.**
