Women Lunch & Learn

Women in Pest Control

"Lunch & Learn - August 06, 2020"

The Women in Pest Control group met on August 6th for another Lunch & Learn event with GAYLE ELY presenting a talk on *"The Secrets of Breaking Down Communication Barriers with Anyone"*.

As we hand-sanitized and social distanced, it was a great time to see others in person, eat, share stories and get refreshed from the temporary *"new normal"* of our contactless society.

Our next event will be **October 22nd**. All women in pest control are welcome to attend. More information will be made available closer to the date.

ATTENDANCE: Gayle Ely | Glenda Lehmborg | Ashley Ward | Kristin Glore
Andrea Hancock | Brenda Dilworth | Jan Bunn | Racheal Williams | Julie Fogg
Sarah Kirkland | Tracey Boltres | Akiko Marsh.

Thank You!
