We are excited to offer you a week full of classes, lectures, workshops, meditations, healing experiences and more.

Please study this brochure carefully, and register as soon as possible to assure that you get the workshops and accommodations of your choice. Retreat Theme: *We Are One ... 2012: The Spiritual Quest for Heaven on Earth*. We Are One ... This is the ancient, eternal truth that we are awakening to. Everything that we do affects everyone, on a global and dynamic level. Never before has it been so important to live consciously and take responsibility for our thoughts, words and actions. As Eckhart Tolle says "The transformation of human consciousness is no longer a luxury ... available only to a few isolated individuals, but a necessity if humankind is not to destroy itself." To meditate, do our healing work, ask for the highest guidance, and live our lives as if

everything we do has an effect ... that is our Quest. 2012 is the beginning of an era of higher consciousness. We have been preparing and laying the groundwork for many years. Now is the time to heal and release the past; to prepare our physical vehicle for the new energies that are entering the earth plane; to clear away the old from our minds, the conscious and the unconscious, so that we can embrace and become part of "The Spiritual Quest for Heaven on Earth."

The Mandala represents the enclosure of Sacred Space and the process of moving toward the Divine Center. The word mandala, from the Sanskrit, translates as "sacred circle," and can be as simple as a circle drawn with a stick or as complex as the sacred images created by the Tibetan monks. The mandala is a Map of the Journey of coming to know our inner reality, the ability to align this knowing with the wisdom of the body, and awakening in ourselves a sense of being in harmony with the Universe.

2012 is a Universal 23/5 (Twenty-three/Five) Year. The number 5 is about freedom and change, new ideas, new opportunities, resourcefulness and adaptability. In the Tarot, the 23/5 is symbolized by the King of Wands, which indicates a mental attitude of looking toward the future, giving us the opportunity to change our point of view. The power of Divine Law supports us this year and we have the ability to use that power to create a new world. This card is also about the energy of fire and our ability to handle fire. Through spiritual work we can control the fire of the self and nature, and in doing so, we are given the live wand of Spiritual Power.

With such wonderful energy available to us, we begin our journey back to Oneness, to our Divine Center. We are being Divinely Guided and we have the tools to handle this amazing, transformative process. Join us on this journey at The Great Lakes Retreat: *We Are One ... 2012: The Spiritual Quest for Heaven on Earth*.

#4 THE AGELESS WISDOM TEACHINGS

David Zimmerman

Rochester Hills, MI

This workshop includes a series of presentations on "The 7 Rays, Key to the Mysteries," including Esoteric Astrology, Esoteric Psychology and other mystery school teachings. The Seven Rays incorporate the keys to the mysteries of the Age of Aquarius and the known universe. This also applies to man's emotional and mental nature, as well as the structure of his physical body. Esoteric Astrology will focus on the esoteric ruling planets of the zodiac signs and how they accommodate the immense changes in external conditions and inner consciousness occurring in the last hundred years. We will also look at how that affects karma, and our daily actions. The new ruling planets are related to a new range of experience, which the brain registers as the externa of the modern world. Esoteric Psychology evaluates the factors of the Soul, in addition to our genetics, personality and the environment. These keys are the basic foundation to develop your personal, individualized Ray Analysis. David draws on the wisdom and expertise of H. P. Blavatsky, Alice Bailey and his personal mentor, Dr. Douglas Baker. **David Zimmerman** is a retired G.M. executive and a Vietnam War veteran. He studied art at Indiana University and is a graduate of Claregate College of England. David is a life long student of the Ageless Wisdom Teachings and provides new insights suitable for our time. Dale Allen Hoffman

In this workshop, Dale offers an in-depth course into how he unlocks the deepest experiential meanings from the original Aramaic teachings of Yeshua (Jesus). Learn about the interpretive levels of meaning embedded within sacred alphabets, languages, glyphs and teachings, and how a deeper understanding of these layers help foster the cultivation of a direct, experiential relationship with humanity's most Sacred teachings. He will also cover how the Semitic languages of Aramaic, Hebrew and Arabic, as well as Sanskrit, are built upon specific phonetic sounds relating to personal states of consciousness. He will cover the meaning of those sounds, and how they work together to create vibrational experiences meant to awaken our awareness within. He will also include the Sacred origin of the ancient Hebrew and Aramaic Alphabets, specific exercises and practices, and discussion of recommended reading and resource material. **Dale Allen Hoffman**, www.daleallenhoffman.com offers a living, breathing vision of many of Yeshua's most misunderstood teachings from the ancient Aramaic language in which He spoke them. Through clear interpretations in English, and with prayer, breath work and vocal intonations, Dale shares insights from ancient sources including Aramaic, Greek, Hebrew and Coptic manuscripts. Considered by many to be one of the world's leading authorities on the direct, practical application of the ancient Aramaic teachings of Yeshua, he travels internationally sharing the rich spiritual wisdom which has been veiled beneath almost two millennia of misunderstandings, skewed translations and intentional manipulation. Dale has published numerous CD Audio programs including "Learning to Speak and Intone the Aramaic Lord's Prayer of Yeshua", "Beyond Duality: The Resurrection of Eve" and "Realization of the Christ Within." His first DVD program, "The Word: Sacred Illumination of the Original Aramaic Teachings of Yeshua" was released on New Year's Day 2012.

#8 TEN IN-DEPTH PERSPECTIVES ON THE CONSCIOUSNESS/REALITY ONENESS

Tom Nehrer

Brackenridge, PA

Expressed from his standpoint of Clear Awareness - seeing reality without the distorting veil of beliefs - Tom will cover ten specific topics pertinent to illustrating Consciousness' innate connection to Reality. With two new topics per session, Tom will explore consciousness with group interaction: Structures of the Mind, Modern Visionaries, Healing, Looking more closely at the “Real” Jesus, Science's Values and Shortcomings, Techniques for Delving Inward, Specific Inner Structures, Islam, Beliefs vs. Awareness and The Evolution and Growth of Ideas. **Thomas Daniel Nehrer**, from childhood, questioned religious and cultural assumptions. Leaving chemical engineering to travel widely while young, Tom's mystical experience on Corfu jarred him from the sterile scientific paradigm, that prompted an inner journey using techniques such as self-hypnosis and meditation. For a time, he gave psychic readings, able to access the intangible meaning and value that underlie all real events and relationships. But key to gaining “Clear Awareness” has been Tom's inner focus that facilitated finding causal inner elements to outer problems, then dispelling them. That path, while yielding unclouded perception of life's functional Oneness, has yielded health, abundance and fulfillment.
