- Giving That Gives Life
- Residential Program Updates
- FS4HER's Spotlight

## Executive Director's Note

Greetings, **Fresh Start 4 HER** Family and Supporters! Yes, that's right, I said "**Fresh Start 4 HER**". Since relocating our organization to Charlotte, NC, we have been working with the Lord to transition to our new name. We have not changed our mission or our commitment to the women we serve. As you may have notice the **HER** in our name has been emphasized in all caps. HER stands for "**HIS EVERLASTING RESTORATION**". The everlasting restoration of our Lord and Savior is our vision and mission for the women we

serve. We truly believe that HIS Grace is upon this agency to continue providing a fresh start for His daughters to experience every ounce of healing that comes with His LOVE! Our therapy clinic is set to fully open in July with the same great mental health support and we are working extremely hard to reopen our trauma-informed residential care homes. Thank you for your prayers, love and support as we push forward.

*Tracy Gibson*  
D.Min., M.Div., LMSW, LGSW, LCSWA

## #GivingThatGivesLife

FSLR&TP is seeking 12 donors willing to donate \$100 a month for the next 12 months during 2020 to help us aid in the fight to END Human Trafficking by sponsoring one of our two restorative care homes or our new restorative care retreat home for those that work with sexually exploited survivors. For more details contact our admin office at **704-412-1896**.

## Second Quarter Awareness Calendar

### April

**Child Abuse Prevention & Awareness**  
**Sexual Assault Prevention & Awareness**

### May

**Mental Health Awareness**  
**Lupus Awareness**

### June

**PTSD Awareness**

## Residential Restorative Care Housing Update

**FS4HER** is moving right along and progressing well in establishing our new homes in our new locations. Our therapy clinic has been approved to accept NC Medicaid clients which places us one step closer to our residential care homes being able to accept Medicaid. Being able to accept Medicaid places our residents in a great advantage in receiving better resources to assist with their restoration.

## Fresh Start 4 HER "SPOTLIGHT"

### Fresh Start 4 HER (His Everlasting Restoration)

One thing that always stirs my heart is hearing a news report for "Jane Doe". No one is born without an identity. No one goes through life being unnamed and unknown. Hearing tragedy reported for a woman labeled as having no identity is a lie and a shame. This is what fuels the fire in me to work with Dr. Tracy Gibson and carry her vision for **Fresh Start 4 HER**. "**HER**" is the key for His Everlasting Restoration to unlock the gifts, purpose and bring an end to Jane Doe being the label for any woman. After years of mentoring many women, I see **Fresh Start 4 HER** as a God commissioned program that handles all the pieces to the puzzle of restoring lives through faith-based and evidence-based therapy; and the resources for transitioning lives. I am grateful for the opportunity to be a part of our name change and what heaven has placed in our hands. No Jane Doe on our watch!

*Sherry Wilson, Cora's House Director*
