June	
Friday 25th	Student Free Day - Last Day Term 2
	Parent Teacher Interviews 9am - 12.45pm
July	
Monday 12th	First Day Term 3
Monday 19th	Nexus Arts
Tuesday 20th	Finance Meeting 4pm

Dear Parents,

In previous years the school has organised a parent information evening to introduce the basics of Choice Theory and how we have incorporated elements of this theory into our school practices. I thought it would be appropriate to clarify the space known as the Thinking Area and what this space is and isn't.

If an incident occurs during class time and depending on the age of the student, a child may be asked to move to another classroom or space within their own classroom. Classroom incidents are not referred to the Thinking Area.

If, during before/after school, recess or lunchtime, a student is impacting on the wellbeing or safety of themselves or another student they will be asked to move to the Thinking Area.

The Thinking Area is the concrete area outside the staffroom from the red painted wall to the start of the deck that leads to room 4. This includes the sandpit and the undercover space in the Eating Area. The Thinking Area is not detention and students are not isolated from other children.

Once in the Thinking Area, the student can play and interact with their peers. There is no restriction as to who can be in this space. The student may go to the toilet and return without asking permission or letting a teacher know.

Students are asked to remain in this space until they are ready to have a discussion and together the staff member and the student record a strategy to prevent this behaviour occurring again. Depending on the child's age, the level of support and timing is considered.

If a child has been in this space often for similar behaviours it may become somewhat tricky for them to find a simple solution as strategies cannot be repeated over and over again. The Thinking Area is also a space where children can play while being supervised more closely if they need to practice identified skills in socialising with other people.

All parents are encouraged to learn more about the procedures the school has in place. If you would like to know more please contact your child's teacher. We will hopefully be organising another information evening in late Term 3 or early Term 4 and we invite all parents to come along.

Regards Anna Duncan

Asha: My persuasive on banning animal testing was quality because I researched facts and made sure I had the correct structure. I made a convincing argument.

Will. B: My math has been quality because I have learnt partitioning for my multiplication. I know it so well I could teach someone else.

Lexi: My research on Uluru was quality because I researched lots of facts and produced a quality poster.

Emily: My narrative writing has been my quality work. I took my time and put a lot of effort into creating a detailed setting.

Jeremy: My soundwaves work has been quality because I am focused in class, trying hard and improving every session

Ashton: My narrative work has been quality. I have learnt how to make a realistic fiction and include a morale. My morale was slow and steady wins the race and I was able to include this into my story.

Noah: My math work has been quality; I have learnt my 10 times tables and can-do double digits times ten.

Abby. K: My writing is quality because I have learnt to do a realistic fiction for my narrative writing. I have learnt to put detail into my setting and characters as well as using metaphors.

Flynn: My math work has been quality. I have been learning how to calculate area and have found multiple different ways to measure area. I have really enjoyed the activities.

Hayden: My math work has been quality because I have learnt to use an open array for multiplication. I had no idea what it was but now I could teach someone else. I am proud about that.

Abbie. R: My math work has been quality because I have learnt to do an open array for my multiplication. I was even able to teach the class tutor!

Seth: My work in math has been quality because I have learnt how to do partitioning to make my numbers easier to work with when I am doing addition.

Cooper: My math work has been quality because I have learnt to use open arrays to solve my multiplication. I can break larger numbers up to solve my problems more efficiently.

Carrie: My work in math has been quality because I have learnt to use the box method for multiplication. I persisted even though it was hard but now I could teach someone else how to do it.

Maison: My math work is quality because I have learnt to use the box method to simplify difficult equations. I can now use this successfully to solve 3-digit by 2-digit multiplication.

Will. S: My persuasive writing has been quality because I put a lot of effort into making sure I used all the correct features. I also did research and found facts to support my argument.

Kody: My persuasive writing was quality because I took my time to create good arguments about why children over 13 should be able to ride motorbikes on the road. I also used persuasive language to make my argument convincing.

Lucas: My math has been quality because I have learnt to use formal algorithms, open number-lines and rounding to the nearest ten.

Abbey V: My math has been quality because I have now learnt multiple strategies for subtraction and multiplication such as formal algorithms, the box-method, and open arrays. I have improved and I am very proud of my effort.

Skylah: My writing work has been quality. I have persisted to produce longer pieces of narrative writing and I have developed my descriptions. This has meant I can improve my stories for my readers.

GEGAC NAIDOC EVENTS 2021

Monday 5th July

11:00am Flag raising ceremony at Bairnsdale Shire Offices.

11:30 am Flag raising & Morning Tea at GEGAC.

Tuesday 6th July

10:30am – Banner making workshop at GEGAC & supported by GLaWAC.

Wednesday 7th July

10:00am Gathering at GEGAC, prepare for Street March & collect your 2021 NAIDOC bag.

11:00am Departing GEGAC supported by the DELWP Unimog Truck, from Dalmohoy st through Bairnsdale CBD then returning back to GEGAC.

12:00pm – BBQ & COVID safe gathering.

Friday 9th July

5:00- 6:30pm Kids Glow stick party & Pizza night at GEGAC

GEGAC encourages everyone to support COVID guidelines and practice safe social distancing.

There will be QR code locations around

GEGAC & Hand sanitiser stations available.

JUNIOR MIXED NETBALL

East Coast Netball invites you to enter a team into our upcoming
TERM 3 2021 Junior Mixed Netball competition!

TERM 3 2021 / Mixed Netball Competitions:

Season Commences: Monday July 12 (10 week competition)
Competitions: 11 & Under Mixed / 13 & Under Mixed / 15 & Under Mixed
Fees: Team Entry Fee: \$30.00 Weekly Team Game Fee: \$30.00
Player Registration Fee: \$10.00

Individuals / Groups welcome

Players who don't have a team, or groups of players who don't have enough to make up a team can contact us and we will get you involved in one of our East Coast Eagles Club teams, or find players to complete your team.

Umpire training program

Any person wanting to learn to umpire can do so at East Coast Netball, we train juniors who are willing to learn, plus you get paid for it!

On court coaching and rule interpretation

Our umpires are extremely helpful and will help new players become acquainted with the rules. They are patient and willing to help all players.

- **Each team receives a FREE game ball & set of BIBS!**
- **Make new friends whilst having fun!**
- **Minimum of one boy needed to field a team!**

For more information & a copy of our rules , or to register a team:
phone: 0401 514 522 email: eastcoastnetball@outlook.com

43 SCHOOL ROAD
EAGLE POINT 3878

One of the most important things we can do to slow the spread of coronavirus (COVID-19) in our community is to stay at home when we are unwell, even when we have the mildest of symptoms.

What you need to know

1. If a child is unwell, even with the mildest of symptoms, they must stay at home

If a child becomes unwell during the day, they must be collected from school/early childhood education and care (ECEC) as soon as possible.

2. If a child has any of the symptoms of coronavirus (COVID-19) outlined below, however mild, they should get tested and they must remain at home until they receive their results:

- fever
- chills or sweats
- cough
- sore throat
- shortness of breath
- runny nose
- loss of sense of smell or taste.

In certain circumstances headache, muscle soreness, stuffy nose, nausea, vomiting and diarrhoea may also be considered symptoms.

For further advice:

- call the 24-hour coronavirus (COVID-19) hotline 1800 675 398
- call a general practitioner
- use the Department of Health and Human Services (DHHS) [online self-assessment tool](#).

Visit: [Where to get tested](#).

3. A child must stay at home until they are symptom free, even if their coronavirus (COVID-19) test is negative

If a person has tested positive for coronavirus (COVID-19) or been identified as a close contact they must isolate/quarantine until they receive clearance from DHHS.

Children with persistent symptoms due to underlying conditions such as hay fever or asthma whose symptoms are clearly typical of their condition can continue to attend ECEC/school. They should be tested for COVID-19 if they develop symptoms that are different to or worse than their usual symptoms. They should consider getting a medical certificate from their GP to attend ECEC/school if they have persistent symptoms that may overlap with symptoms of COVID-19 such as cough or runny nose.

Younger children (pre-school up to Grade 2) may have prolonged post viral symptoms such as a runny nose or cough and may return to school/ECEC following a negative COVID-19 test even if they are not completely free of symptoms. They will need a medical certificate from their GP to confirm they are otherwise well or have recovered from their acute illness.

For information on the minimum periods students and children need to stay at home for other conditions, refer to the [DHHS school exclusion table](#).

4. Children do NOT need a medical certificate before returning to school/ECEC

Once symptoms have cleared, there is no requirement from the Department of Education and Training or DHHS for children/students to have a medical certificate before they return to school/ECEC.

Thank you for your support in following these steps, together we can all stay safe.

Could \$500 help you with school costs?

Join Saver Plus and we'll match your savings, dollar for dollar, up to \$500 for school costs.

-  laptops & tablets
-  lessons & activities
-  uniforms & shoes
-  books & supplies
-  sports fees & gear
-  camps & excursions

To join Saver Plus, you must be at least 18 years or over, have a child at school or starting next year, or attend vocational education yourself, have regular income from paid employment (you or your partner), have a current Health Care or Pensioner Concession Card and be in receipt of an eligible Commonwealth social security benefit, allowance or payment*

NAIDOC Week Activity Session

Celebrate NAIDOC Week at the Library

Enjoy Indigenous stories, cultural activities, music and art at this special NAIDOC Week Activity Session.

NAIDOC Week celebrations are held across Australia each July to celebrate the history, culture and achievements of Aboriginal and Torres Strait Islander peoples.

NAIDOC is celebrated not only in Indigenous communities, but by Australians from all walks of life.

The week is a great opportunity to participate in a range of activities and to support your local Aboriginal and Torres Strait Islander community.

Junior LEGO enthusiasts are invited to attend our school holiday LEGO Club session

This session will be held in Meeting Room 1 at Bairnsdale Library, and will incorporate freestyle creativity and themed construction activities.

Donations welcome

The library will gladly accept donations of old or new LEGO brand pieces for our LEGO Club collection.

Due to COVID-19 room capacity limits, parents/carers may be unable to stay with their children for the duration of the session. Please consider if your child is comfortable being unaccompanied before booking in.

Monday 28 June
Bairnsdale Library
2.30 pm – 3.30 pm

For more information, phone 5152 4225 or ask staff at the library about these FREE sessions.

Movie Screening – Libraries After Dark

Tom & Jerry: The Movie

Very mild themes, animated violence and coarse language

Join us for the school holiday screening of *Tom & Jerry the Movie*

One of the most beloved rivalries in history is re-ignited when Jerry moves into New York City's finest hotel on the eve of "the wedding of the century," forcing the event's desperate planner to hire Tom to get rid of him. The ensuing cat and mouse battle threatens to destroy her career, the wedding and possibly the hotel itself.

Libraries After Dark offers a variety of after-hours programming provided through local libraries on Thursday nights across thirteen local government areas. The program is designed to provide at-risk groups with a range of social or recreational options during the evening.

Thursday 1 July
Bairnsdale Library
6.00 pm – 7.45 pm
