Becker Meisel Completes Sale in Newark's Ironbound

Livingston, N.J., July 19, 2013 – Becker Meisel LLC has completed its representation of the seller of several parcels of industrial real estate located in the Ironbound section of Newark, NJ.

The seller of the properties, a client of Becker Meisel's Business Services Group, had assembled various real estate parcels in the Ironbound and, with the assistance of Becker Meisel's Real Estate Practice Group, positioned the properties for sale to one buyer. The client was represented by Anthony J. Vizzoni, Esq., a member of the firm's Real Estate Practice Group and Business Services Group. The representation not only involved sale of the properties, but, as the client provided significant financing to the buyer, our real estate attorneys were engaged in the preparation of various loan documents and security agreements for the client's protection.

"We are pleased to have successfully represented our client in this sale transaction and in the pre-sale activities relative to the buyer's prior occupancy of the properties," said Mr. Vizzoni. "We look forward to continue our representation of the client in other business matters through our firm's Business Services Group."
