FCUSA News

Great news as the cabal continues to be rounded up and heading to Gitmo including Clinton's, Obama's, Bush's, Comey, and thousands more. 47 Russian ships have been further chartered to handle all cabal globalists. Plus, the FED, IRS, CIA, FBI and Homeland Security, SES and more are being dismantled and permanently purged following 2/15/19 and **a National Emergency making the US GESARA compliant**. Our sovereign Constitution has

been restored with our new Treasury Dept. in Reno Nevada on sovereign land.

Trump (by executive order) has now frozen the assets of many of the cabal including the Clinton's, bush's and Obama's. Many others will follow also with a one-way ticket to Gitmo.

Trump **likely will** announce forgiveness of fake bank and IRS debt per NESARA/GESARA **in the coming weeks**. This would include the total shutdown of the FED and IRS and our return to gold back currency (TRN). You can then exchange your FRN's for TRN's at 1:1.

Trump has initiated the removal of military from Syria and Afghanistan and called home most of our aircraft carriers (as required by GESARA). Other nations will follow with troop removal.

Brexit has already happened when the queen signed off on GESARA during Trumps earlier visit... all the current antics in parliament are just for show. **Britain will likely declare Marshall Law enforcing BREXIT and become GESARA compliant.**

All this moves us ever closer to the GCR, RV and AR payouts!

FCUSA MAINTENANCE

Thanks to the many who continue to support FCUSA (your club) and those who have recently responded through monthly maintenance!

Most appreciated!

There are still some **ACCOUNTS** that are not current on their mandatory monthly maintenance and that removes them from 'good standing'.

As a blessing for our new year, we are providing for all members who have not been contributing \$30 monthly or \$300 annually to keep your club operational, an opportunity to regain their 'good standing'.

By beginning your payments again at \$30/mo. or \$300 annually you can regain your 'good standing' status. Then as you are able, you can pay back your arrears to sustain your 'good standing' and continue to be eligible for all club benefits.

CREATORS PLAN – Return to Light

Creator continues to neutralize all remaining darkness daily throughout the paradigm and beyond. On our planet currently 97% has been neutralized. **Steps are underway to complete the eradication of all remaining darkness on our planet.** Creator is now cleansing the numerous ‘planes’ of our planet including the astral, mental, emotional, spiritual, energy, etheric and causal. Creator has also set in motion the assistance for humanity to ground and move into their hearts.

Creator: “We (humanity) are ascending to our new wonderful domain rising above all limitations. Let us rejoice in awesome heartfelt ways.”

Creator: “A wondrous time of jubilation and celebration will ensue unparalleled in this paradigm’s history since the arrival of darkness.”

When we ground and move into our hearts, and when our 'entities' are removed (ER) and emotional/physical blocks removed (EP), and allow truth from Creator to enter our lives, we advance our physical and spiritual journey.

From this higher plane, we have a greater influence over our own lives and that of others. Plus, likely for the first time, you have opened communication with Creator.

Sometimes we forget we 'volunteered' to come to the Earth experience with dark and light along with freewill to experience fully the good, the bad, the ugly and the beautiful.

Did you know? Creator can only hear you if you are grounded and in your heart.

It is our job to 'ground' and get into our 'hearts' then we can find Creator and get guidance on how to first fix ourselves then improve things in our lives and expand to help others on our planet.

When things are beyond our control, then ask

Creator for support. If you are grounded and in your heart, **and your gunk removed**, your request will be heard. Then if it is beneficial and in the highest and best, it will be acted upon by Creator.

If you are NOT grounded NOR in your heart, **and have NOT done your ER/EP process**, your message to Creator will **NOT** be heard. Do your [grounding and heart centering daily](#).

DUMP YOUR GUNK

You may have already figured out, you are 'gunked up' with entities negatively affecting you.

Whenever you receive a thought or message from someone, it will be filtered by these harmful entities producing dark/negative thoughts that direct your actions unconsciously and destructively.

Plus you have many unresolved emotional issues that can place you in the 'dark' category viewing life thru a dark filter. These are easily remedied with ER and EP programs and our safe emotional sprays below. [Learn more](#)

Remove your Anger, Fear, Sorrow

Instead of blaming others for yours or other problems, you need to go within and resolve your own challenges. First ground and get into your heart with the [grounding exercise](#), remove your gunk with [ER and EP](#), then balance your emotions with [AngerClear, FearClear and SorrowClear](#), then you are

ready to commune with Creator.

May you be blessed,
Rev. Tom

Thank you Prime Creator of Light
