through the International Common Law World Court. **Then, no new orders can be submitted.**

Creator is in the final steps of cleansing free floating entities, curses, demons, etc. to awaken not only humanity but also "all-that-is" (ATI), however, individual beings still need to do their own 'Entity Removal' (ER) and 'Emotional and Physical' (EP) cleansing. [Remove yours here.](#)
Do your [grounding and heart centering daily.](#)

1) CALIFORNIA FIRES:

The earlier fires in northern CA were induced by the cabal using lasers from airborne craft. Notice the trees burning from the inside out and homes burned to the foundation yet cars untouched.

Contrast this to the southern CA fires. Similar home destruction but cars are burned and even melted. Trees untouched other than the winds wiping the home fires igniting trees that burned 'normally' from the outside in. Thus different technology.

These southern fires were not set by the cabal or their minions but from an off planet dark source that Creator has now neutralized.

2) SOUTHERN INVADERS:

The MS13 and terrorists among the 4000+ southern border invaders (funded by Soros and Democrats) are arriving in Tijuana and banging on the US door.

The remaining group is being transported and fed by Soros and Democrats paid minions plus most of the invaders have even turned down Mexico's offer for sanctuary, housing and jobs.

These are paid protesters (just like the

Kavanau event and dozens of other protest around the country). Their recent attempt is to create chaos for the Trump administration instead of using the legal process seeking asylum.

Trump has dispatched troops to the border to stop their invasion. For now they cannot actively participate in the ICE roundup until 'Marshall Law' is announced. Would Trump has sent them there if Marshall Law was not forthcoming?

3) VOTER FRAUD:

Voter fraud 'traps' were set in fraud prone areas around the country. Watch for arrests as recounts are underway in many states.

4) ASCENSION:

As light continues to rise for our awakening and transformation to light, watch for dramatic positive changes to occur in the days ahead as preparation for our ultimate ascension.

PLEASE NOTE: CREATORS PLAN

The numbers below have not increased in the past 2 weeks to allow humanity to assimilate the massive changes already sent. **However, Creator has launched a new wave of light that will uplift humanity and remove massive amounts of remaining darkness.**

DO NO HARM

Currently at **92%**. At 100%, the propensity for humans to do-no-harm is being downloaded to all. This will continue to rise to 100% in the days ahead.

TRUTH INDEX

Percent of misbeliefs replaced by Creator's truth: currently **100%** on the Earth plane. Allow a few

days for humanity to assimilate. Results will be profound as humans will be compelled to speak and act on Creator's truth.

REMOVAL OF DARKNESS

Percent of remaining darkness removed by Creator: **28%**. Massive positive change will occur as we reach 75% and beyond.

HUMANS GROUNDED & IN HEARTSPACE

Creators light is grounding and moving humans into their hearts. Currently 20%.

Prime Creator has gifted humanity with more new blessings:

CREATORS SUPPORT:

Creator has neutralized the harmful effects of 5G and the advanced energies used during the southern CA fires and hurricane Michael.

IN AND BEYOND OUR PARADIGM:

All of the free floating harmful entities throughout the paradigm are being removed by Creator. Centillions of centillions of light essences in and outside our paradigm have also been cleansed increasing light within our paradigm by **25%**.

NEW DARK REALMS DISCOVERED:

Creator has identified and a large number of very dark realms beyond our paradigm. Two of these worked together to initiate the recent CA fires. Dark elements in 20 realms have been eliminated.

Personal: Dark entities still exist in **significant numbers** in/on/around human beings, homes, computers, phones, pets and cars. [Remove yours here.](#)

All beings fall into one of five categories.

-2 Very dark

-1 Dark
0 Neutral
+1 In the light
+2 Of the light

These are just learning stages for each of us to grow moving up to 'of the light'.

Examples:

Very dark: Hillary Clinton, Soros
Dark: Bill Clinton, Pelosi, Waters
Neutral: Jeff Sessions (removed)
In the light: VP Pence, Matt Whitaker
Of the light: Pres. Trump

Trump has grown from 'in the light' to 'of the light' during his presidency.

When we ground and move into our hearts, and when our 'entities' are removed (ER) and emotional/physical blocks removed (EP), and allow truth from Creator to enter our lives, we advance our spiritual journey.

From this higher plane, we have a greater influence over our own lives and that of others. Plus, possibly for the first time, you have opened communication with Creator.

Currently **20%** of humans are grounded and in their hearts. Only **20%** of these commune with Creator.

Sometimes we forget we 'volunteered' to come to the Earth experience with dark and light along with freewill to experience fully the good, the bad, the ugly and the beautiful.

It is our job to find Creator and get guidance on how to first fix ourselves then improve things in our lives and expand to help others on our planet.

When things are beyond our control, then ask Creator for support. If you are grounded and in

your heart, your request will be heard. Then if it is beneficial and in the highest and best, it will be acted upon by Creator.

If you are NOT grounded and in your heart, your message to Creator will NOT be heard.

DUMP YOUR GUNK

You may have already figured out, you are 'gunked up' with entities negatively affecting you.

Whenever you receive a thought or message from someone, it will be filtered by these harmful entities producing dark/negative thoughts that direct your actions unconsciously.

Plus you have many unresolved emotional issues placing you in the 'dark' category viewing life thru a dark filter. These are easily remedied with ER and EP programs. [Learn more](#)

Instead of blaming others for yours or other problems, you need to go within and resolve your own challenges. First ground and get into your heart with the [grounding exercise](#), remove your gunk with [ER and EP](#), then you are ready to commune with Creator.

May you be blessed,
Rev. Tom

Tom and Lois,

"It's been almost a year since Tom and Lois did the Entity Removal / Clearing on myself, hubby and our dog Gretchen, car, home & work. I was remarking to him this week that I just can't believe how much better I feel! I was having a lot of issues with my intestinal area and it is much improved. If I remember correctly they removed mass, mass quantities from us. Not only have I physically felt better but I am just happy!!

Actually feeling like my old self again after several years of unhappiness, stress etc. I have finally been able to start losing weight as well. I had tried several times over five years and was stuck...now I understand why. [Others] could certainly benefit from this process.....thank you Tom & Lois! Am so ready for RV, the new plan and new lifestyle!!!"

Blessings

- We have been led to believe the Mayan Calendar ended in 2012. Not true. Do to a miscalculation in conversion, the actual end date is **2018!**

We are seeing evidence of the massive shift to the light via the ever rising “do-no-harm” and ‘truth’ indices. Soon, no one will be able to do harm or tell a lie! This alone will bring about world peace and prosperity by releasing massive wealth for positive changes on planet Earth. This is the year of transition!
