

**14. Psalms 119:105-112**

- ❖ **Principle #14: Rule #10: God's Word is My Light.**
- ❖ **Practice #14: The Coach "lights the night". He knows where the stumbling blocks are and where the enemy's traps are set. Watch the Coach-He will expose them.**
- ❖ **Explanation: Sometimes it gets pretty dark when we are playing the Game of Life. Sometimes we want to quit or are not sure where the path is. John of the Cross referred to this as "the dark night of the soul". It is here where we would be "flying blind" if it were not for the instrument lights of God's commandments. If we know the commandments they will generate light to show the way. The Lord never leaves us in the dark. He is the light. Look to the Light, follow the Light, the Coach has the power to light up the stadium. Remember He is always there. He is the map. He knows the way. Follow the light.**
- ❖ **Application: When it got dark this week did I watch the Coach to show the way or did I try to find my own way in the dark.**
