

1. Psalm 119:1-8

- ❖ **Principle #1: My Goal: *If I want to be happy I have to follow God's rules.***
- ❖ **Practice #1: God makes the rules--I follow.**
- ❖ **Explanation: If I am going to be happy, I have to play the game God's way. Every game has rules. God has the rules to the game of life. He made the rules just like he made me. If I am going to be happy at the game of life, I must play it by God's rules. Otherwise, I won't know where to go or how to play and I may get hurt. It also won't be any fun. I may think it is fun (the pleasure of sin for a season), but eventually I will get caught cheating and thrown out of the game.**
- ❖ **Application: How did I apply the above principle and practice in my life this week? What is the evidence of this in my life? If I had to stand before Jesus and have someone testify on my behalf, what would they be able to say about how I applied this to my life this week?**
