

**21. Psalms 119:161-168**

- ❖ **Principle #21:** *If you are successful following the rules, you will be harassed.*
- ❖ **Practice #21:** Watch out for Satan! He loves to attack those who successfully follow God's laws.
- ❖ **Explanation:** As you learn the disciplined Christian life you will be successful as a Christian as you are obedient to God your coach. Satan does not like that and he will use powerful people and organizations in your life to trip you up and discourage you with the ultimate goal of making you lose faith. If you praise God regularly and keep your faith you will be at peace even in the midst of adversity. Some of your adversaries will be people you least expect them to be. Whatever you do don't lose trust in your Coach. He will carry you through. That is where your real treasure is.
- ❖ **Application:** How did I deal with my adversaries this week knowing that the real enemy is Satan and he is just using them?
