

22. Psalms 119:169-176

- ❖ **Principle #22: *Play Ball!***
- ❖ **Practice #22: Now that you are ready let the Coach put you in.**
- ❖ **Explanation: Remind the Coach you have learned the rules and are ready to play. Every week for thirteen weeks work again on one rule until you have worked through all 13 rules every three months or once a quarter. Constant practice of the fundamental rules of life will make you a star on the Lord’s team. Even if you fail to execute or remember a rule it will not be because of lack of effort. With effort come honest mistakes. The Coach will correct you and put you back in the game. A good player is always ready and willing to be the one to score in the clutch. A good player continues to practice and refine his or her skills. Make a commitment to continue to be a disciplined player on the Lord’s team. You have learned all the rules- now keep working at them.**
- ❖ **Application: How have I continued to incorporate all the rules into my life this week? How will I continue to work on the rules for mastery?**
