

5. Psalm 119: 33-40

- ❖ Principle #5: Rule #1: Don't love money.
- ❖ Practice #5: Don't trust worthless things.
- ❖ Explanation: Money is a medium of exchange. God owns all the money. We need to trust God not money. God will give us money, as we need it. The love of money is at the root of all kinds of evil. For moral development, consider what areas of immorality or immaturity you are dealing with and at some level you will probably see a relationship with money. Store up your treasures in heaven where moths and rust won't get to them and thieves won't break in and steal them.
- ❖ Application: How did I demonstrate this first rule in my life this week?
