

Safety Data Sheet: noraplan[®], norament[®], norament[®] stairtreads

Date: 01.01.2014

1) Chemical Product and Company Identification**Product details:**

Manufacturer/Supplier:	nora systems, Inc. 9 Northeastern Blvd. Salem, NH 03079 USA Phone: (603) 894-1021 Fax: (603) 894-6615 www.nora.com/us
Emergency Phone:	800-424-9300 (CHEMTREC)
Trade Name and Synonyms:	noraplan [®] , norament [®] , norament [®] stairtreads
Product Description:	Floor and stair coverings

2) Hazardous Identifications

Not classified as dangerous.

3) Composition/Information on Ingredients

Chemical characterization (article): Rubber (SBR, NBR, NR, EVA, EPDM) with mineral fillers and pigments.

4) First Aid Measures**General comments:****After eye contact:** Not applicable.**After skin contact:** Not applicable.**After ingestion:** Not applicable.**After inhalation:** Not applicable.**5) Fire-Fighting Measures and Fire Hazards****Suitable extinguishing media:** Water, foam, carbon dioxide or extinguishing powder**Extinguishing media which must not be used by safety reasons:** ---**Special exposure hazards arising from the preparation itself, combustion products, resulting gases:** Oxides from C, H, N and S**Special protective equipment for fire fighters:** In the event of fire, use a respirator which is independent of the ambient air.**6) Accidental Release Measures (Spills or Leaks)****Personal precautions:** Not applicable.**Environmental precautions, methods for cleaning/mopping up:** Not applicable.

7) Handling and Storage

Handling: Keep the hygiene during the work which is usual; do not eat, drink or smoke during treatment. Instructions of the adhesive manufacturer must be adhered to.

Protection against fire and explosion: No special measures required.

Storage: Recommended temperature of storage is 20°C.

8) Exposure Controls, Personal Protection

Components with exposure limits at the workplace: None

Personal protective equipment:

Respiratory protection: Follow the instructions of the adhesive manufacturer.

Hand protection: Follow the instructions of the adhesive manufacturer.

Eye protection: Follow the instructions of the adhesive manufacturer.

General safety and hygiene measures: Do not eat, drink or smoke while processing. Wash your hands with water and soap before breaks and at the end of work.

9) Physical and Chemical Properties

General information:

Form: Sheets, tiles and stairtreads.

Color: Depending on pigmentation

Odor: Weak, characteristic odor of fresh material

Melting Point (°C): Not applicable.

Flash Point (°C): Not applicable.

Vapor Pressure (mbar): Not applicable.

Solubility in Water: Not soluble.

10) Stability and Reactivity

Conditions to avoid, materials to avoid: ---

Dangerous decomposition products: No dangerous decomposition products if handled and stored properly.

11) Toxicological Information

General Information: Dangerous-to-health effects are not known.

12) Ecological Information

Particulars on elimination: According to desired stability, the product is not biodegradable.

Further ecological information: Not known.

13) Disposal Considerations

Product: The product can be handled together with domestic waste. Incineration in suitable plants is a favored way of disposal.

Waste code number: To be determined by the user.

Packaging: Recycling of the PE-film and cardboard.

14) Transportation Information

Overland transport, inland waterway transport, sea transport, air transport: No dangerous cargo.

15) Regulator Information

Labeling according to hazardous substances:

Symbol: None

Risk Phrases: None

Safety Phrases: None

Water Hazard Class (WGK): Not hazardous

16) Other Information

None.

The information contained herein is based on the present state of our knowledge and does not therefore guarantee certain properties. The safety data sheet only describes the products in aspect to their safety requirements. Recipients of our product must take responsibility for observing existing laws and regulations.
