

THE HEALING OF THE NATIONS

by Kay Winters

We are not living in the America I grew up in. Indeed, the escalation of darkness has astounded even the most optimistic among us, as unbridled evil is progressively devouring our nation. Evil is being purported as good, and bondage heralded as freedom. We are being sold a lie, and consequently our nation is literally disintegrating right before our eyes.

Recently, during a time of worship I had a vision of a map of the United States. I saw a huge tree arise out of the Mississippi River that towered over the land. The tree's branches were twisted like a serpent and spread upward and outward. Demonic eyes crawled like sinister insects throughout the bough of the tree. As the tree spread out over the nation, it cast a shadow over the land, resulting in blindness among the spellbound inhabitants. Instinctively I knew that the roots of this tree went deep into the center of the earth - into hell itself. Throughout the vision, I was suspended high above the earth where I could view the earth's curvature. Similar types of trees were also growing at alarming rate over other nations on every continent. These trees seemed to be reaching out and connecting to one another in order to encompass the entire earth in a shroud of darkness.

During this panoramic vision, I was zoomed in closer to the earth, where smaller "trees of life" were growing in many parts of America. Despite the growing darkness, these trees shined brightly and served as beacons to many. I then saw people picking leaves from these trees of life and filling up suitcases with them. Like missionaries smuggling Bibles to Communist nations, people began taking their leave-laden suitcases in stealth into parts of America and throughout the world. These leaves brought hope and Christ's healing power to the nations.

Revelation 22:2 "In the middle of its street, and on either side of the river, was the tree of life, which bore twelve fruits, each tree yielding its fruit every month. The leaves of the tree were for the healing of the nations."

Though gross darkness is covering the earth at an alarming rate, Jesus is our "Tree of Life". Firmly planted within those who will not bow their knee to Babylon and the bastions of idolatry that darken the nations, the Tree of Life will prevail. Without a doubt, as we destroy the iniquitous trees of idolatry with the axe of repentance and scatter the leaves of healing from the Tree of Life throughout the nations, we will experience another great awakening and unprecedented harvest of souls.
