### Recording

Gain the ability to listen to any calls to this phone number. Every call is recorded and available online within seconds of hanging up the phone.

On

Turn Recording on/off Here

### Call Evaluation

Call Evaluation will ensure you are seeing the results you want from your advertising and your employees. Real-time means we work it very soon after the phone call ends for instant alerts and feedback. Delayed means you care about performance, but getting the real-time recovery alerts isn't as important.

Off

### Greeting (Caller Prompt)

By choosing a Greeting your callers will hear this message before connecting to your business.

Default

If you want a call announcement when the call is answered choose one here

### Call Announce (CSR Whisper)

A Call Announce message will play **only** to your employee answering the phone. Use this to let them know what the caller is intending to talk about.
