

# Boise Highlanders

## Uniform Cleaning

The Boise Highlanders has a contract with the Westco Martinizing Company to clean uniforms. They will clean band uniforms as listed per the schedule below with no cost to the individual members.

Kilt - once a year  
Prince Charlie jacket and vest - once a year  
Hose Tops - once a year  
Tuxedo shirt - three times a year  
St. George - three times a year

The band will be billed at the end of the month and the band accountant will pay the bill. Please note that the Westcos don't seem to be on the same central computer system and some individuals in a store may not be able to find our account. In that case, save your receipt for reimbursement. Or if you are unable to find a Westco Martinizing cleaner near you, you may use any cleaner and save your receipt for reimbursement.

You are strongly encouraged to take advantage of this policy especially before a major performance such as Burns Night in January.

*NOTE: All equipment returned to the Quartermaster should be cleaned first.*

If for some reason you need to clean any part of the uniform more often than is allowed by this policy, you will be responsible for the costs incurred. If you have any questions please contact the Quartermaster.
