All proceeds benefit medical expenses for Eduardo Silvestre who became a Gonzales Police Department Cadet in February 2014, joining the force in August 2014. His career was cut short in September of 2014 when he was seriously injured in a motor vehicle accident leaving him paralyzed from the waist down. Eduardo has made tremendous progress, but has a very long road ahead of him with the continual building of medical expenses. Join us in supporting a fellow Emergency Responder.
