OUR VISION

Our vision is **strong, self-sufficient Native American communities**. All our services work toward this goal.

PWNA delivers only needed goods and services.

We want to make sure the products we send fit your needs. Please call us if they don't so that we may better serve you!

PWNA Program Partners

Many of you were able to attend the PWNA Open House on October 27, 2016, at our distribution center in Phoenix, Arizona. We were grateful for the smiles, handshakes and meeting all of you in a day. The presentations, program updates, raffles, games, photo booth, prizes and yes, the sea of food, was all to APPRECIATE YOU and your work with PWNA as our year-round Program Partners.

Whether you are in ZONE 1, 2,3, or 4, YOU MATTER to us and to the people in your communities. You stepped up to be proactive; make a difference in your communities; and involve parents, children and Elders who are now working together — whether through home visits, classes, appointments, and community events all organized by YOU.

Please know that your commitment, accountability and putting others first is building hope and modeling the possibilities for future leaders in your communities.

Thank you for all YOU do in your local and surrounding communities, and for your partnership with PWNA.

Delivery Packet Insert

When the phone rings at Partnership with Native Americans office, Denise, our enthusiastic Administrative Assistant, anticipates and answers your questions or directs you to the right person. If your call is regarding a service Request, the order process begins.

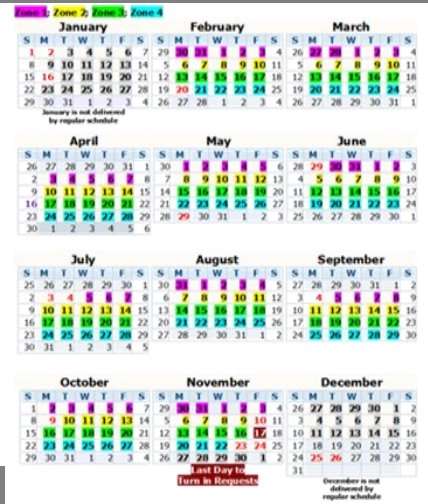

Your Request is recorded and reviewed, and we call you back if any questions arise or additional information is needed.

The Program Manager reviews your order and, once approved, your ZONE Service Coordinator calls you to discuss the products available in our warehouse. Your order is then forwarded to our warehouse where items are pulled, packed and loaded onto the trucks for your delivery. When our truck arrives, you and your volunteers are on hand to help our drivers unload in a timely fashion, as they have more Program Partner stops after

yours. On average, this entire process takes about 2 weeks from your initial Request date. Don't hesitate to call the office if you have questions about the status of your order, or feedback — we love feedbacks!

The purpose of 4D is personal and professional development, networking and learning from other professionals. Each participant or cohort member works with a mentor-advisor on self-identified development goals. This training is offered over a six-month interval and provided at no charge by PWNA. The April 2017 cohort sessions will be held in Phoenix, Arizona. Locations may vary for future cohorts.
