"In point of fact,
FLUORIDE causes
more human cancer
DEATH and causes it
FASTER than any other
chemical."

I am appalled at the
prospect of using water as a
vehicle for drugs.

**Fluoride is a corrosive
poison that will
produce serious effects
on a long range basis.**

Any attempt to use water
this way is deplorable.

Former President of the
American Medical Association

FLUORIDE

DID YOU KNOW???

In 1955, Crest became the first fluoride toothpaste.

Fluoride calcifies the pineal gland, otherwise known as your 3rd eye which literally has rods and cones, just like your other eyes!

Fluoride is so toxic that it is considered Hazardous Waste by the EPA.

Hitler fluoridated the water in the concentration camps to sedate the prisoners.

Fluoride is the same ingredient in rat poison and Prozac.

According to Dr. BJ Dornhagen, there's the same equivalence of fluoride in an 8 ounce glass of fluoridated tap water as there is in a "piss stack" (amount needed to kill the Porcine Control Cattle, as recommended on the back of any fluoridated toothpaste).
