How about passports and mandatory QR codes for pedophiles and rapists ?  
Oh, that's right. It goes against their human rights and it's an invasion of their privacy.

Pedophiles are safer than the unvaccinated!

More impressive than billionaires racing to space.

Swedish millionaire Johan Eliasch purchased **400,000 acres** of the **Amazon Rainforest** from a logging company for **\$ 14,000,000** for the sole purpose of its **preservation.**

In 1714, a Norwegian captain and an English captain had a 14-hour long ship-fight. Afterwards, both ships were severely damaged, and the Norwegian captain was running out of ammo. He sent an envoy to the English ship, asking if he could borrow some of their ammo. They said no.

# **A Toxic person never change.**

**They change victim and  
blame everything on  
everybody else.**

**They can't see the wrong  
in their actions, but  
always find time to find  
them in yours.**

## **THE SIZED**

### **DID YOU KNOW?**

Leo Major was a Canadian soldier who single handedly captured 93 German soldiers and liberated the city of Zwolle, broke his back and escaped from hospital. “What his sons said, is that this wasn’t a man who was inspired by great surges of patriotism. He went to fight because he was perhaps a bit of a hothead. He wanted to see action.”
