With the heaviest of hearts, I can't do this anymore. 25 years of my life and I am not to going to start lying to patients for reimbursement.

The Vid shot is not safe. I won't take it myself. I can't in good conscience tell you to take it.

God knows I have done my best. 🙏😞

**Chaplin later pointed out that he was British, not American, but that's not what saved him.**

**He had sumo wrestling to thank for that.**

It turns out wrinkly fingers do have a purpose.

For a long time, **people thought** the water caused skin to swell up and get puffy. Now researchers believe **wrinkly fingers could be** an autonomic nervous system reaction. Why? Because **it's easier to pick up** wet objects with wrinkly fingers, improving our grip on wet or submerged objects, working to channel away the water like the rain treads in car tires.
