The Nuremberg Code  
From Rule 1:

The voluntary consent  
of the human subject is  
absolutely essential.

This means that the  
person involved should  
have legal capacity to  
exercise free power of  
choice, without the  
intervention of any  
element of force, fraud,  
deceit, duress,  
overreaching, or other

### LAW OF THE LAND

The general misconception is that any statute passed by legislators bearing the appearance of law constitutes the law of the land. The U. S. Constitution is the supreme law of the land, and any statute, to be valid, must be in agreement. It is impossible for a law which violates the Constitution to be valid. This is succinctly stated as follows:

"All laws which are repugnant to the Constitution are null and void." *Marbury vs. Madison*, 5 US (2 Cranch) 137, 174, 176, (1803)

"Where rights are invaded by the Constitution are inviolable. There can be no rule making or legislative power which abrogate them." *Miranda v. Arizona*, 384 US 436 p. 491.
