No matter how many times the Democrats say it, Donald Trump never once used language to incite violence.

He was banned from social media because the support he has around the world is a threat to their establishment.

Say the truth as loud and as often as they say the lie.

Alright. I'm gonna say it.

Bribing people to get a shot is WEIRD! Offering to let inmates out of prison/jail early if they get a shot is WEIRD. Giving someone a hamburger, donut or a rolled joint for getting a shot is WEIRD. Being entered into a million dollar lottery if you get a shot is WEIRD. Getting work bonuses if you get a shot is WEIRD.

It's more weird that the MSM saying if you get the shot, you get your "freedoms" back.
It's WEIRD.

WHY IS NOBODY SAYING ITS WEIRD!?!

It's weird. I said it.

Sidenote: saying you're not comfortable getting a shot that isn't FDA approved and hasn't gone through the specific testing for approval doesn't make you an "anti-vaxxer". It doesn't mean you don't care about OTHER PEOPLE! It shows you are using critical thought and you care about your OWN HEALTH. Calling someone an "anti-vaxxer" OR selfish for not wanting this shot, makes you look weird. Stop it.

Get it if you want. Don't if you're not comfortable. Ask YOUR doctor if you have questions. Relying on celebrities for guidance is absurd. Believing the government has your best interest is lunacy. I Never thought a shot could be made political, and create division...but here we are!

Thank you, have a great day. (shared from someone else)
