A photograph of the New York City skyline, featuring the Twin Towers (World Trade Center) prominently in the center. The sky is overcast. In the foreground, there is a body of water (likely the Hudson River) and a concrete railing. A small, square inset in the lower-left quadrant shows a portrait of George W. Bush. Overlaid on the image are two text elements: 'Your immune system' in yellow with a black outline, and 'Vaccines & masks' in black on a white rectangular background.
